Hello everyone, here is another thought. won't understand any of His other teachings; and if you don't understand any of His teachings, you will

Mark 4:26-29

"The Kingdom of God is as if a man should scatter seed on the ground, and should sleep by night and rise by day, and the seed should sprout and grow, he himself does not know how. For the earth yields crops by itself: first the blade, then the head, after that the full grain in the head. But when the grain ripens, immediately he puts in the sickle, because the harvest has come."

SOW NOW BEFORE THE SEASON IS OVER

Mark 4:26 -29

I cannot stress to you enough how important it is now and in the future to get the seed of God's Word in your ground / heart and the lives of your children, and learn to believe it and develop your Faith in it.

This parable tells us Jesus said if you don't understand the basis of this parable, then you of any kind. I cannot stress to you enough how important it is now and in the future to get the seed of God's Word

vest or sowing and reaping, which farmers use. This law cannot be manipulated or bypassed in any way. This is a law that God put into place, not man. Every law that man or mankind has created can be broken, cheated or manipulated, but the law of seedtime and harvest is a natural law that God put into place, and cannot be violated. God's Word is the seed and our heart is the ground, and we see three basic phases or stages to a harvest after the seed has been planted: 1) the blade, 2) the ear & 3) the full corn in the ear or PATIENCE, PATIENCE &PATIENCE.

in your ground / heart and the lives of your children, and learn to believe it and develop your Faith in it.

It will mean the difference between victory or defeat, prosperity or poverty, life or death.

You cannot get a crash course in Faith after you get cancer or

any deadly illness any more than you can watch your neighbor (who is a farmer) reap his crops at the end of the season, and you decide you want a harvest like his. The

season is over regardless of how sincere you are or how bad you want it; you will not reap a crop overnight. The law of seedtime and harvest cannot be violated or bypassed.

Don't be impatient, and don't try to bypass the growth cycle of God's law or you will never see a crop in your life. Don't think that since God loves you, He will just violate His laws for you and grant your prayer without your putting the miracle of the seed to work.

We are coming into some of the

most unstable times in our country's history. With so many changes that are taking place around us, we

can easily lose hope; but with the seed of God's Word in our lives growing and working like it is designed to do, we can thrive through these times.

BUT YOU NEED TO START SOWING THE SEED OF GOD'S WORD IN YOUR GROUND / HEART NOW, BEFORE THE SOWING SEASON IS OVER!!

LET IT SOW, LET IT SOW, LET IT SOW!

PS. I PROPHECY THAT YOUR FAITH WILL NOT FAIL!!!
